

Introducing the Updated Web Client - Ver. 4

Changes to you site dashboard

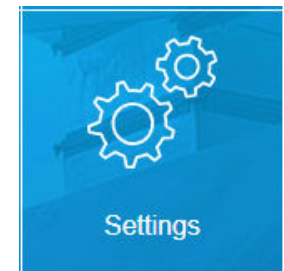

The screenshot shows the MonikaPrime dashboard for a user named Monika. The dashboard is divided into several sections: a left sidebar with user information and settings, a main content area with various status and progress indicators, a central 'Apps' menu, and a right 'Performance' section with circular progress charts. Annotations with arrows point to specific elements:

- Site Information:** Shows Account ID and Site Code. This points to a button in the top right corner.
- Global Settings:** Configure at Estate Level to be later applied at Site Level. This points to the 'Global Settings' link in the left sidebar.
- Keys:** For further information and ease when reviewing your Site Dashboard. This points to the 'Today's Monitored Equipment Status' section, which includes a legend for equipment health (OK, Too High, Too Low, Low Battery, System Fault, Offline / Waiting).
- Site Settings:** Make configuration changes specific to the site, i.e. Units, Probes, Users, Actions, etc. This points to the 'Settings' icon in the 'Apps' menu.

Dashboard Content Details:

- Header:** MonikaPrime logo, navigation path: Monika > Food Operation Sites > Expo Food Services, Site Information button, Help & Support Wide View link.
- Left Sidebar:** Monika profile, Log out, 1 alarm, 4 reminders, Global Settings link.
- Main Content Area:**
 - Today's Monitored Equipment Status:** A green progress bar. Legend: 1 OK (green), 0 Too Low (blue), 7 System Fault (brown), 0 Too High (red), 0 Low Battery (orange), 0 Offline / Waiting (grey).
 - Today's Handprobing Progress:** No Handprobing data available.
 - Today's Task Completion:** A green progress bar. Legend: Success (green), Failure (red).
 - Time since last diary sign off:** 15 day(s) 0 hour(s). Note: Your Daily Diary needs to be signed off daily. If this bar is red then you need to sign off ASAP.
- Apps Menu:** Live View, Tasks, Alerts, Daily Diary, Reports, Settings (highlighted with a red box).
- Performance Section:** Time filters: Yesterday, 1 Week, 1 Month, 6 Months. Metrics: Equipment (89%), Alarm Response (100%), Handprobing (0%), Tasks (36%), Diary Sign Off (0%).

Changes to your Site Settings

New Feature: Global Settings - Part 2

Changes to Report tile layout

Audit Report: Same as previous Audit Report - Shows unit temperatures a 4 hour intervals, all hand probe reading and takes schedule between a chosen range

Task Occurrences: Same as previous Task Occurrences report - shows all task details for a select period

Deliveries: Previously the 'Receipts' report - shows all logged deliveries over a select period

Incidents: Feature still under development

The screenshot shows the MonikaPrime Reports page. The breadcrumb trail is 'Monika > Food Operation Sites > Expo Food Services > Reports'. The 'Reports' section has a tabbed interface with the following tabs: Daily Diaries, Audit Report, Daily Readings, Deliveries, Unit Readings, Handprobing, Task Occurrences, Incidents, and Graphs. Below the tabs is a 'Filter' dropdown menu with the placeholder text 'Please select a daily diary' and a 'Generate' button. Below the filter is a text input field with the placeholder text 'Please select a report filter'. The footer of the page includes the Monika logo, the text 'Last Login 28/05/2024 15:21:16', '© Monika 2024', 'www.monika.com', and 'Monika Prime - 4.3.1'.

Daily Diaries: Same as previous "Daily Diary Archive" Report - View archive reports of Daily Diary sign offs, including a summary of comments and corrective actions applied to critical events

Daily Readings: Same as previous Daily Reading Summary

Handprobing: Same as previous Handprobing Report - shows all hand probing temperatures for a period of your choosing

Unit Readings: Same as previous Location Readings - For a selected Unit, shows each recorded temperatures at 10 minute intervals, over select period

Graphs: As per previous Web Client - show a temperature trace of unit performance for a give date range
